training from several countries such as Spain, Singapore and Thailand. Lot of experiences in implementation of IE and productivity improvement techniques to the apparel industry.

ATDC-SMART-TOT ACADEMY

Gurgaon | Thiruvananthapuram | Chhindwara

The Textile & Clothing Sector being the largest employment provider after Agriculture, currently employs over 45 million people with an increase of over 12 million people over the figure of 2006. The readymade garment sector has accorded the steepest increase of adding about 6 million people in the said period and currently employs over 12 million people directly. The mainstream textile & clothing sector thus has the unparalleled potential to add to employment about 17 - 20 million people incrementally by 2022. Out of the requirement of about 10 million will be for the apparel sector alone and more than 15,000 – 20,000 trainers would be required for training the candidates. Therefore, under the Integrated Skill Development Scheme (ISDS) of the MoT, GoI, ATDC is establishing **3 Training of Trainers (TOT) Academies**, the first one of which has been established in Gurgaon in the National Capital Region, the second in Thiruvananthapuram, Kerala and the third one is being initiated in Chhindwara.

The Training of Trainers' Academy is an ATDC initiative undertaken to upgrade the knowledge base and skill levels of instructors and trainers and to develop an industry oriented approach in their pedagogy, teaching and instructional methodologies. The key objective of the ATDC-SMART TOT Academy is to bring about overall systematic change in the apparel industry while providing better quality trainers for industry. The Academy is developing Trainer's manuals, Conducting PAN-India Training of Trainers programmes, initiating International Knowledge Exchange programmes and holding workshops with renowned Experts from India and overseas, to benefit the ATDC's trainers' & instructors' and the industry personnel.

This reflects ATDC's objective to provide skilled manpower to industry in order to improve technical edge in manufacturing and upgrade the skills of human resource employed in the Apparel industry.

**TRAINING PROGRAMMES CONDUCTED IN COLLABORATION WITH
RENOWNED EXPERTS AND MACHINE MANUFACTURERS FROM
THE APPAREL INDUSTRY**

Skills for Manufacturing Apparel through Research and Training

Imparting skills, Improving lives
