

APPAREL TRAINING & DESIGN CENTRE

16th July 2012

Digital Contents launched for ATDC- SMART Courses

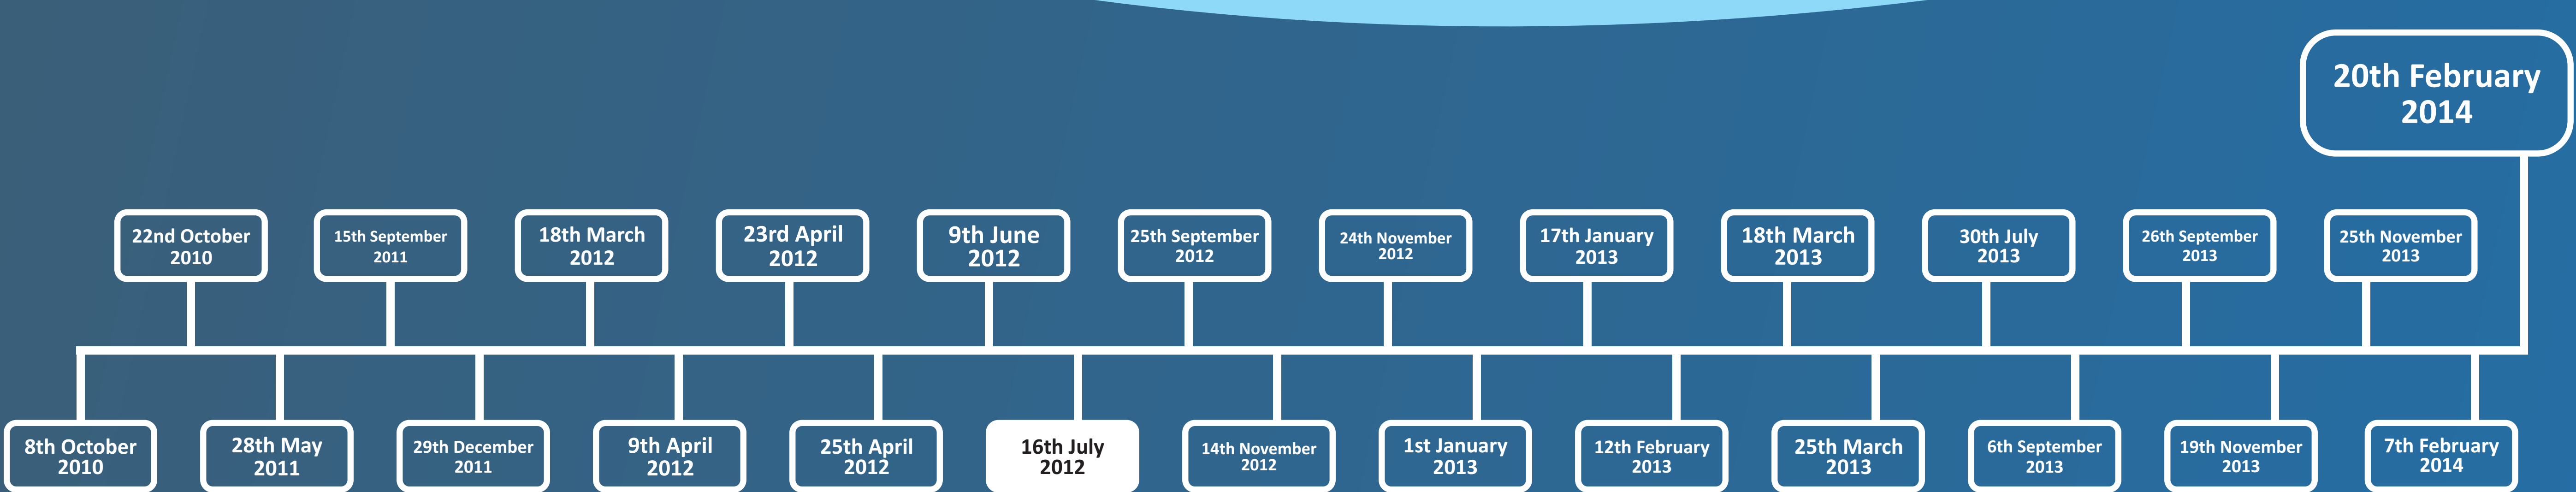

For uniform and standardised delivery of course contents ATDC introduced Blended learning through digitised delivery of SMART Sewing Machine Operator Course.

With an aim to make the delivery of courses standardised at its training centres across the country, the Apparel Training & Design Centre (ATDC) launched the first module of 'Digital Contents' for 'SMART Sewing Machine Operator' as blended learning support at the Tex Trends India-2012, on 16th July. For the next phase development of digital content for SMART Finisher and Packer, Quality Checker courses are under way.
