WAGE EMPLOYMENT INDUSTRY PLACEMENT FAIR UNDER NATIONAL SPONSORING AGENCIES NBCFDC, NSFDC AND NSKFDC

Candidate Success Stories

Sanjeev

My name is Sanjeev and I have completed my 8 months course of Production Supervisor & Sewing from ATDC Faridabad. I joined this course in February, 2021 and got the Placement in October, 2021. I got placed in Shivalik Prints Pvt. Ltd. Faridabad in Quality Department and wanted to thank all my Teachers and Principal Ma'am for helping me out and making me what I am today. Now I am getting 20,000/- per Month.

I belong to family of 5 siblings (5 sister and one brother) where only my father who is Supervisor working in Industry used to earn and took care of our education and but now I am capable to help my parents and can earn and help my siblings too.

Earlier I used to hesitate and was not so comfortable in talking to anybody but after taking this placement I am so confident and now I can handle things easily. Also the P.A.C.E training that I got from ATDC Faridabad have helped me in building more confidence and have changed the perspective to see things into a positive way.

I thank NBCFDC and ATDC for providing me this opportunity and helped me in Building my career. I would also like to thank ATDC Faridabad for good Hospitality and Experienced Teachers who always guide us the best.

ATDC Training learnt about different types of fabrics & Garments, Sewing techniques, Cutting accuracy & Important of Measurements, Quality & Time per delivery etc. I want to setup own unit I purchased a Sewing Machine and works on it at home. Now I am successfully handling the customized product specialist in Ladies Garments.

Dipika

After training at ATDC Surat, I met with many sisters who studied with me and if I got more work, started handing over work to these sisters and business progressed. Now I am earn 12000/- per month as a designer working at home and make customized garments.

I am very much thankful to ATDC & PM-DAKSH for becoming a guiding light in my life. "ATDC "not only trained me in stitching skill but also made me much more confident in life.
