

REC Foundation Team visits at ATDC- Mumbai Center

On April 30th, 2024, the ATDC Center in Mumbai welcomed a team from the REC Foundation, including Ms. Taruna Gupta (Executive Director), Mr. Sachin Jain (DGM), Ms. Anjali Kumari (DGM), and Ms. Neera Chandra, Director of ATDC. The visit was organized to review the ongoing B.Voc-REC batch.

The REC team received a warm welcome from the students, who greeted them in traditional Maharashtrian attire, showcasing the center's cultural diversity. The team toured the facilities, interacted with the students, and gained insights into the program's progress and the center's operations.

The team gained insights into the center's various initiatives, including the admission process, orientation programs, workshops, industrial visits, and guidance sessions facilitated for the students. They examined the sewing lab, machinery, student documentation, attendance records, log books, curriculum progress, and student work samples. This comprehensive review allowed the REC Foundation to assess the program's effectiveness and the center's commitment to providing quality vocational education. The visit allowed the REC Foundation officials to witness firsthand the impact of their sponsorship on empowering students through skill-based training and career-building opportunities.

In an interactive session, the students enthusiastically shared their learning experiences from the course. They showcased their projects and handicraft work, demonstrating the practical skills they have acquired to the officials. Ms. Taruna Gupta distributed Fevicryl Workshop Certificates to the students who participated and appreciated their achievements. Ms. Taruna Gupta also motivated and encouraged the students to make the most of the comprehensive education and career-building opportunities provided by ATDC. She highlighted the significance of the REC Foundation's sponsorship in enabling such transformative educational experiences. The students expressed their heartfelt gratitude towards the REC Foundation for their unwavering support.

The REC team provided positive feedback on the center's work, acknowledging the institute's dedication and commitment to empowering students through vocational trainings. They departed with a favorable impression of ATDC in shaping the future of skilled professionals.
